# CROOKED MIRROR

**A** cigarette thrown, a little lighter blown. I imagine Willem Dafoe in overalls, burning the museum while his grinning, he is scary and lovely soon away on he's motorbike. It's a good movie. Who can play Willem Dafoe, u need to look like him.

The museum is on fire. There is burning people inside, they run out in the water, the lake the museum is build upon. They are safe in the lake, they are all very happy kissing the sculptures and pictures they brought with them out.

The mad dreams, this little animal comes visiting you, The weasel, the hare, the donkey boy, this little Pinocchio of yours. The nightmare, you gotta love her.

Yours Truly Mira
